

## FEDERAL OFFICERS PROBE CONSPIRACY

### Fay States Part of Mis- sion Was to Bribe Cap- tains of Russian Ships

## FOUR ARE LOCKED UP

### Hearing of Fay and Scholz Is Set for Nov. 4—Are Each Held Under \$25,000 Bond

## BREITUNG STILL AT LARGE

NEW YORK, Oct. 26.—What part, if any, the delaying of vessels laden with copper for the allies was to have taken in the alleged conspiracy of German agents to prevent war munitions from reaching Europe from this country was under investigation by federal authorities today following an additional confession made to secret service officials by Robert Fay, said to be a former lieutenant in the German army.

### Fay Gives Detailed Confession.

Fay, who is one of the five men charged with conspiracy to delay or prevent the sailing of war munitions ships from this country, gave a detailed confession to William J. Flynn, chief of the secret service. In it, according to the federal authorities, he repeated his former confession made to the police at Weehawken, N. J., but stated in addition that his mission, besides placing bombs on the propellers or rudders of ships was to endeavor to bribe the commanders of Russian vessels. He said the plan he was to endeavor to carry through was to induce a Russian commander to run a cargo of copper into a German port at which place a large sum of money was to be paid to the Russian.

Government officials said they were inclined to give little credence to this phase of Fay's story but it was made a part of the evidence upon which the men were held over for further hearing.

### Four Are Locked Up.

Four of the men charged with the conspiracy were locked up under federal custody tonight. These included Fay and Walter L. Scholz, his brother-in-law, who after being released in a police court at Weehawken were re-arrested on federal warrants and brought to New York. They were taken before United States Commissioner Houghton. Both Fay and Scholz said they had no funds with which to employ counsel. Commissioner Houghton postponed their hearing until Nov. 4th, held them each under \$25,000 bond and said that in the meantime he would provide them with counsel.

Paul Daech, another of the alleged conspirators, when arrested on a federal warrant in the Weehawken police court, elected to be taken before the nearest United States commissioner at Jersey City, N. J. He too was held in \$25,000 bail but his hearing was set for Nov. 3d. Dr. Herbert Kienzie, who was arrested yesterday in New York, up to tonight had been unable to furnish bond for his release from the Tombs.

### Unable to Locate Breitung.

Chief Flynn said that so far he had been unable to locate Max Breitung, the fifth man charged with complicity in the conspiracy. Breitung is a cousin of E. N. Breitung of New York and Marquette, Mich., a wealthy mining man. In a despatch from Marquette, E. N. Breitung was quoted as saying his cousin would provide legal defense, which was taken as indicating that the men named in the complaint here would appear later. It was said he left Chicago today for New York.

## CHARGE ALLIES HAVE ATTACKED TURK HOSPITALS AND AMBULANCES

BERLIN, Oct. 26, by wireless to Sayville.—A statement was given out today by the Overseas News Agency saying attacks have been made by the allies on Turkish hospitals and ambulances. The latest attack mentioned is said to have been made on August 27th on a Turkish hospital at Galata Keul on Gallipoli peninsula. The statement says one person was killed and three were injured. Attacks on hospitals at Khalil Pasha and Agbah Bure by aircraft in July are said to have resulted in the death of twelve persons and injury of more than twenty others. Near Saghir Dere the statement says the Turkish ambulances were attacked by aircraft and six wounded soldiers were killed.

### PHYSICIANS PUZZLED.

Macomb, Ill., Oct. 26.—Physicians of Macomb are puzzled by the strange case of Miss Gladys Dodson, who has been sleeping soundly at her home here since a week ago today. The young woman had been in poor health but the day she went to sleep had been feeling unusually well. Today physicians said Miss Dodson showed no signs of waking up. De Witt Dodson, a brother is a student at the University of Chicago. The father is a wealthy wholesale grocer of Macomb and Boies, Idaho.

## FOUR ARE ARRESTED IN CONNECTION WITH FIRE

### FIRE INVESTIGATIONS UNDER WAY IN EFFORT TO FIX BLAME

Three Officials of Union Paper Box Company and Executor of Estate Owning Building are Taken into Custody—One of the Injured is in a Serious Condition.

Pittsburgh, Oct. 26.—Three officials of the Union Paper Box company and the executor of the James Brown estate, owner of the building in which the company's factory was located, were arrested here late today in connection with the fire yesterday which resulted in the deaths of thirteen persons and injury to twenty others. H. H. Woods, executor of the Brown estate was released on \$10,000 bail and Henry E. Weiskopf, president, William C. Kimbel, secretary and treasurer and Henry C. Schaefer, foreman of the factory of the box company were released on \$5,000 bail to appear at the coroner's inquest which will probably be held next Tuesday.

The warrants state that the men are wanted for "charges that may result regarding the deaths of Colletta Sellman and others." Miss Sellman was one of the girls who lost her life in the fire.

Gertrude Neidt, who jumped from the third story, was in a serious condition tonight and there was little hope for her recovery. Physicians said the other injured persons were rapidly improving.

Five investigations, three by the county, one by the state and one by the city are under way here in an effort to fix the blame for the fire.

Arrangements for the funerals of the fire victims were made today. A number will be held tomorrow while the remainder will be conducted Thursday.

County Fire Marshal Thomas L. Pfarr in a statement tonight said he believed the fire was caused by a careless smoker. He said the flames started near an unobstructed flue and which was enclosed by wood. He said the only fire escape was at the rear of the building and the pailey to this would not work because of rust.

The city council tonight adopted a resolution appropriating sufficient money to pay the funeral cost of the victims and the expenses of the injured.

## GIRL STATES SHE WAS CONFINED ON AN ISLAND FOR FIVE WEEKS

### Tells Sheriff She Was Forced to Dress as a Boy and Was Given Only Enough to Eat to Keep Her Alive.

Dixon, Ill., Oct. 26.—An eighteen year old girl who gave her name as Emma Samerville and her home as Aurora, Ill., told local authorities today that for the last five weeks she had been confined on a desolate island in Rock River, with only enough to eat to keep her alive.

According to the story the girl told Sheriff Phillips today she came to this city five weeks ago from Rochelle, with a young man who, she said, told her she could get work in the shoe factory. Here, she says, she met Fred Pyfer of West Dixon and, she told the sheriff, he induced her to take a ride in a boat. He took her to Hoyle's Island, west of this city. There she says, he kept her in a small shack on the small island for five weeks, forcing her to dress as a boy.

Pyfer has been arrested and locked in the Lee county jail.

## DEFENSE WINS SIGNAL VICTORY IN THE TRIAL OF C. B. MUNDAY

MORRIS, Ill., Oct. 26.—The defense won what was considered a signal victory today in the trial of C. B. Munday, charged with conspiracy in connection with the wrecking of the LaSalle Trust & Savings bank of Chicago, when Judge Stough instructed the jurors that they should disregard parts of the testimony of James B. McDougall, governor of Chicago, given previously on re-direct examination. The testimony which was ordered stricken from the records, was based upon the examination of the LaSalle Street bank, by McDougall when he was a bank examiner for the Chicago clearing house association.

## DANISH WOMEN WILL BE GRANTED RIGHT TO VOTE JUNE 5, 1916

LONDON, Oct. 26.—A dispatch to the Exchange Telegraph company, from Copenhagen says: "Premier Zahle declared today that the government intended to put in force June 5th, 1916, the new constitutional law conferring suffrage on women, waiving the right to propose a prolongation of the old constitutional law allotting to the war. It is expected a general election will be held in July when Danish women will vote for the first time."

## TED LEWIS GETS DECISION.

Boston, Oct. 26.—Ted Lewis, the English light-weight, was given the decision over Joe Mandot of New Orleans in a 12-round bout tonight. Mandot fought gamely but was knocked down for the count of nine in the first round and was floored again in the tenth and twelfth rounds.

## TWO NEW HAVEN DIRECTORS QUIT

### M'Harg and Brewster Will Formally Present Resig- nations Today

## ARE NOW ON TRIAL

### Action is Said to Be Due to a Desire Not to Embarrass Pres- ent New Haven Management

## BOTH ENTER BOARD IN 1907

NEW YORK, Oct. 26.—Henry K. M'Harg and Frederick F. Brewster, directors of the New York, New Haven & Hartford railroad now on trial with nine former directors of the road under the Sherman anti-trust law have resigned from the New Haven directorate.

Their resignations became known after today's session of the trial now concluding its second week had adjourned. They will be formally presented to the New Haven stockholders at their annual meeting to be held in New Haven tomorrow it was learned.

While no formal statement as to the reason for their retirement was obtainable tonight, it was said their action was due to a desire not to embarrass the present New Haven management on account of their status as alleged violators of the law being a matter still to be determined by a jury.

Messrs. M'Harg and Brewster entered the board together May 31st, 1907. They figure in the case at a time when the New Haven was busy in taking over steamship lines and trolley properties.

### Spectre of Rate Decision Arises.

The spectre of the oft quoted Missouri freight rate decision by which the United States supreme court in 1897 first applied the Sherman anti-trust law to railroads, arose in the trial of the eleven New York, New Haven & Hartford railroad directors today.

The question put before the jury to decide was whether the decision absolved the directors of the New Haven from knowing they were committing illegal acts prior to that date and therefore could not have intended the conspiracy with which they are charged—that of monopolizing the traffic of New England; or whether, knowing they had been committing illegal acts they then continued to commit them in spite of the decision.

### Propose to Introduce Minutes.

The question came up when the government proposed to introduce minutes of the New Haven board dated May 1st, 1897. Control of the New England road, its chief competitor had just been acquired by the New Haven, previous testimony had shown and R. V. Lindabury of counsel for the defense inquired upon what theory the minutes were introduced. Attorney Swacker for the government explained that it was to show that the New Haven directors knew of the existence of this decision but nevertheless disregarded it. To this the defendants' attorney, passing to the court written references to the decisions on Sherman law, replied that up to that time the law never had been applied to railroads; that the Missouri rate decision was the reversal of decisions of two lower courts absolving it from application to the railroads and therefore directors of the New Haven never could have known they were committing illegal acts. No action was taken by the directors in regard to the question, the minutes stated and after they were in the record Attorney Swacker began the introduction of testimony intended to show that no action having been taken the alleged conspiracy further to monopolize the transportation of New England was continued.

## ADVOCATES DELEGATION OF POLICE POWER TO COUNTY SUPERVISORS

Springfield, Ill., Oct. 26.—Henry B. Eger of Libertyville, president of the Association of Supervisors, County Commissioners, County and Probate Clerks in twenty-ninth annual convention here today advocated the delegation of police power to county supervisors. Resolutions asking legislation to this end will probably be introduced Thursday.

"Very often it is impossible to have papers served or to secure police protection in the township because of the scarcity of properly qualified officers," said President Eger. Members of the highway commission are ready to meet attacks tomorrow on the Tice hard road law which will be led by B. F. Staymates of Clinton.

### SERIES RECAPTURE TOWN.

GENEVA, Oct. 26 (via Paris, Oct. 26).—Word has reached here from Basel of the death of the German aviator, Reiger, who is said to have established a world's record by flying with passengers to an altitude of 5,500 metres. Reiger and a companion, Captain Mogan, were killed by the fall of their aeroplane.

CENTER, Ia., Oct. 26.—Col. Henry H. Hood, of Mount Vernon, widely known through out Iowa as president of Crocker's Iowa Brigade secretary of Cornell college, and as a travelling man, died at a hotel here last night, after an illness which began last Friday. Col. Hood was 73 years old.

KANSAS CITY, Mo., Oct. 26.—Drastic action by officials of Kansas City, Kan., to stop illegal sale of beer by breweries was taken today when three drivers were arrested and fined and the beer and trucks confiscated. The drivers were fined \$500 each and given six months in jail.

MADISON, Wis., Oct. 26.—The state supreme court today in an opinion written by Justice Steuber held in the case of the New Dells Lumber company vs. Verner, that typhoid fever contracted through drinking water furnished by the employer, and resulting in the death of an employee, is an accident, within the meaning of the workmen's compensation act.

PITTSBURGH, Pa., Oct. 26.—Federal inspectors here have discovered the presence of cholera in shipments of hogs from Madison, Clarke, Fayette, Preble and Huron counties, and from Wayne county, Ind., and have ordered that all such hogs be killed.

CHICAGO, Ill., Oct. 26.—The case of the Dekalb county telephone company, of Sycamore, Ill., was taken under advisement by the Illinois public utilities commission today. The company applied for permission to increase rates at Dekalb, Sycamore and Malta.

Chicago, Oct. 26.—Justice Orrin N. Carter of the supreme court of Illinois, who has been ill in his home at Evanston, is recovering rapidly, according to his physician today, and expects to return to Springfield by the end of the week. His trouble was an attack of nervous indigestion, not apoplexy, as was at first reported, his physician said.

CHARLESTON, S. C., Oct. 26.—The Mallory line freight steamer Colorado, which caught fire Sunday night, en route from Charleston to New York with cotton, was towed into Port early today. The vessel is badly damaged but it is believed much of the cargo can be salvaged. The blaze started in the superstructure from a cause not yet determined.

PEORIA, Oct. 26.—The first attempt to hold a boxing bout in Peoria this fall will be made Tuesday evening, Nov. 9, when "Kid" Herman, of Pekin, Ill., and Johnnie Ritchie, of Chicago, are signed to meet in a ten-round, no decision bout. The fighters are bantamweights.

## THOMPSON TO HAVE SALOONKEEPERS EXPLAIN REASON FOR NOT CLOSING

CHICAGO, Oct. 26.—After looking over a list of eighty-four alleged violations of his Sunday saloon closing order, Mayor Thompson today said that only three of the cases appeared to be serious enough to warrant action. The mayor said he would call the three saloon keepers before him to explain why they had not obeyed the law. Failure to satisfactorily explain the mayor said would be followed by a revocation of the licenses or a refusal to renew the liquor selling permission.

### ORDERS SHAPE-UP IN TEAM.

New Haven, Oct. 26.—Head Coach Hinkey today ordered a "shake-up" in the Yale football team numerous changes being made, especially in the line. Scovill's reported and he ran along as first runner, especially in the through signals today. It is not yet certain whether he will play against Colgate.

## EXTEND CAVALRY PATROL ON BORDER

### Advices State Bandits Are Seeking Refuge in Coast Country

## PREPARE FOR ATTACK

### Carranza Garrison at Agua Prieta Dig Trenches About 300 Feet South of Boundary

## RECOMMEND MORE TROOPS

BROWNSVILLE, Texas, Oct. 26.—The United States cavalry patrol today was extended to cover a section of the gulf coast, following advices that Mexican bandits were seeking refuge in the coast country near here. The new patrol covers the coast from near the mouth of the Rio Grande, northward for a distance of some 18 miles. The district lies east of San Benito and from there south to the Brownsville vicinity.

This region centers about the neighborhood where Sam Robertson, a capitalist of San Benito, yesterday had two fights with bandits and it is through this section that bandits have made their way north to the Sebastian vicinity after raids about Brownsville.

The sheriff's office is holding nineteen prisoners in connection with border bandit activities. Some of these were arrested early in the border troubles. Reports from along the border today indicated that there have been no further outbreaks.

### Dig Trenches Facing Douglas.

Douglas, Ariz., Oct. 26.—Trenches facing Douglas and only about 300 feet south of the boundary were being dug today by soldiers of the Carranza garrison. The explanation was that the trenches were designed as defense against Villa troops who might slip around to the east and west of Agua Prieta and attack from the American side. Rodolfo Garduna, Carranza consul, received bills of lading for sixteen field guns shipped from Piedras Negras. With these, Calles will have twenty guns at Agua Prieta. Small arms are coming in bond. General Hill, who, with his staff and troops were accorded permission to pass over American territory from Laredo to Douglas, will arrive Thursday, about twenty-four hours ahead of the soldiers. When these reinforcements arrive, General P. Elias Calles, Carranza commander in Sonora, expects to take the field against the invading Villa army.

Villa detachments were reported today at Fronteras, at Colonia Morelos and at a point on the border 35 miles east. Yaqui Indians under Urbalejo now hold Anavacachi Pass 12 miles southwest, while General Acosta and approximately 1,500 men are at Santa Cruz between Nogales and Cananea.

### Recommend Increase in Troops.

Douglas, Ariz., Oct. 26.—United States military officers here have recommended to Major General Funston that an additional regiment of artillery be sent to Douglas to preserve American neutrality in the event of an attack upon Agua Prieta by Villa forces. At present two batteries of field artillery are stationed here.

Arrivals from Sonora stated that an American named Kemp had taken charge of Cananea with a part of the Yaqui Indians commanded by Col. Beltram of Villa's army. Kemp was said to be causing much trouble to foreigners desiring to leave the district.

Thousands of refugees traveling on foot or horseback and in all manner of vehicles are making their way toward the Arizona border from the interior of Sonora, arrivals said.

## JOHNSON CONCEDES DEFEAT OF NON-PARTISAN AMENDMENTS

SAN FRANCISCO, Oct. 26.—Governor Hiram W. Johnson conceded late tonight the defeat of the non-partisan state office amendments, which were voted upon here today, and predicted that the people would reverse themselves on the question. Returns at 11 o'clock from a majority of all the counties in the state showed an almost unvarying majority against the amendments and indicated the probable defeat of all that were voted upon at today's election.

### CAPTAIN IS KILLED

Cleveland, O., Oct. 26.—The life of Fire Captain J. R. Killoran was sacrificed and five firemen were injured today to avoid a collision between a fire department motor truck and a scrap-iron dealer's wagon. The driver of the truck crashed headlong into an electric car when he steered to avoid hitting the wagon. The firemen were hurled from the truck.

### GALESBURG TO ISSUE BONDS.

Galesburg, Ill., Oct. 26.—Galesburg today voted \$75,000 in water bonds by a majority of 565 and \$20,000 in electric light bonds by a majority of 817.

## ONE IS KILLED; THREE HURT IN STRIKE RIOT

### SAMUEL KAPPER FALLS DEAD WITH BULLET THROUGH HEAD

### Police State Trouble Started When Tony Pinicke Refuses to Join Strike When Accosted by Crowd of Men and Women Strikers.

Chicago, Oct. 26.—Samuel Kapper, said to have been a striking garment worker, was shot and killed and three other men were wounded seriously during an altercation here tonight which grew out of the Garment Workers' strike.

According to the police version of the affray a man named Tony Pinicke, accompanied by his wife, was on his way home from work in a tailoring establishment when he was accosted by a crowd of men and women said by the police to have been strikers. When Pinicke refused to join the strike, the police aver, some one fired a shot and Kapper fell dead with a bullet through the back of his head. Samuel Siegel also said to be a striker, was shot behind the right ear. Tony Pinicke fell with a bullet in the back of his head. It is said his chances for recovery are slight. William Whelan, a bystander, was hit in the chest and dangerously wounded by a bullet fired by someone in the crowd.

In all more than a score of shots were fired, the police assert. Reserves were called to quell the disturbance and a number of arrests were made. At least four of the men who took part in the affray are said to have escaped.

Mayor Thompson said today, that he would not intervene in the strike until the strikers were able to come to him with "clean hands."

"Although club women have appealed to me to take a hand in the affair," Mayor Thompson said, "I will not do so as long as it takes 500 policemen to preserve order among the strikers."

### END CONFERENCE ON HYGIENE.

Chicago, Oct. 26.—Judge Joseph Uhler and Raymond B. Fosdick, author and former commissioner of accounts of New York city were the principal speakers tonight at the final session of a two days' conference of the central states branches of the American social hygiene association. Judge Uhler advocated a refuge for dependent and defective girls and women, to be created on a farm of 100 acres and maintained without semblance of penal reform. Mr. Fosdick referred to the closing of saloons in Chicago on Sunday by criticizing what he termed as an attempt to regulate the habits of private citizens.

### BEGIN NEW SERIES

Washington, Oct. 26.—Counsel for American packers who are urging that special representations be made to Great Britain in regard to confiscation of their cargoes by the British prize court began today a new series of conferences with state department officials. Alfred Urien who represented the packers in London, gave Counselor Polk comprehensive review of the proceedings there.

## TEUTONS SLOWLY FORCE SERBS BACK

### Marquis of Lansdowne Fears They Cannot With- stand Attacks Long

## MAKE STEADY PROGRESS

### Invaders Are Being Held Only in the South, Where the French Have Joined Serbs

## OFFER TO GREECE HAS LAPSED

### BULLETIN.

LONDON, Oct. 26.—Greek troops have been drawn into fighting near the junction of the Greek Serbian and Bulgarian boundaries, according to a brief message received from the Daily Mail's Athens correspondent. The message says:

"Greek frontier guards have been attacked near Dolran but repulsed their attackers, with losses."

LONDON, Oct. 26.—The Serbian troops that have been holding the northeastern corner of their country, where the Austro-German and Bulgarian armies are about to join are being slowly forced back. The Marquis of Lansdowne, minister without port folio in the British cabinet, regretfully announced to the House of Lords this evening that he feared they could not much longer withstand the attacks of the Teutonic forces.

Invaders Make Steady Progress.

All along the northern and eastern frontiers of Serbia the invaders are making steady progress, although at great cost, as the Serbians, now that they have reached the hills are making them pay heavily for every mile covered.

It is only in the south, where the French have joined the Serbians that the invaders are being held. Here the French and Serbians are intrenching themselves and awaiting the reinforcements which they hope will enable them to drive the Bulgarians out of Macedonia.

Great Britain and France, according to the statement of the Marquis of Lansdowne in the House of Lords, are dispatching a strong force to the Near East and are only awaiting the report of General Sir Charles Carmichael Monro, the new British commander on the Gallipoli peninsula and other military and naval advisers to decide at which point they will be used.

### Allies Take Up Challenge.

Great Britain and France, the Marquis of Lansdowne said, had taken up the challenge of the central powers in the Near East, as elsewhere and were preparing to strike blow for blow and hoped eventually to receive the support of Greece and Roumania, although they were not depending upon them.

Sir Edward Grey, the British foreign minister today told the house of commons that Great Britain's offer to cede Cyprus to Greece had lapsed as Greece had not fulfilled her treaty obligations to Serbia. The British minister at Athens is reported to be making representations to Greece with respect to the use of Saloniki as a base for the allies and also with regard to Greece's future action.

### Von Hindenburg Makes Progress.

On the eastern and western battle fronts, as in Serbia, heavy fighting continues. In the Riga and Dvinsk regions of Russia the German field marshal, Von Hindenburg by repeated failures during the past forty days to reach the Russian fortress of the Dvina river, is making another determined effort to achieve his aim. Reports today were that he had made further progress, particularly near Iloukust.

Along the rest of the line, through the provinces of Vilna, Grodno and Volhynia and in Galicia there have been battles at many points with the advantage first on one side and then on the other.

The Italians are still carrying on their offensive against the Austrians, while the struggle in the Champagne region of France, begun when the French captured a portion of the LaCourne works from the Germans some of which the Germans have recaptured, is still in progress. The French claim they have extended their gains here by taking an adjoining trench north of Massiges.

### KILLS FORMER HUSBAND.

Sullivan, Ind., Oct. 26.—Holding her baby to her breast Samantha Bennett tonight shot and killed her former husband, William Bennett, 30, when she said Bennett attempted to force open the door to her home. The Bennetts were married and divorced seven times.

### DUNDEE OUTPOINTS RITCHIE

New York, Oct. 26.—Johnny Dundee of New York outpointed Willie Ritchie of San Francisco, American light-weight champion, in their ten round bout at Madison Square Garden here tonight.

While some cities are using the rock pile to furnish labor for the undesirable unemployed, it has remained for Kewanee to establish a municipal wood yard, and travelers who are supposedly looking for work find it. In a great many instances the effect is to hasten them on their way to other cities more hospitable.

### It's Time to Get Busy.

Dr. Pratt, head of the bureau of foreign and domestic commerce, evidently accords with the views recently expressed by Senator Borah about the need for preparedness for peace. Dr. Pratt has cited the fact that during a fiscal year recently closed, the automobile manufacturers had foreign sales to the amount of \$74,000,000 as compared with \$35,000,000 for the year before. He estimates that the total for the calendar year of 1915 will be \$120,000,000. It is recognized that this great increase in orders is largely due to the war, and Dr. Pratt uses this as a reason for recommending that before the war closes that the automobile manufacturers and other manufacturers put agents in every part of the world to establish foreign trade on a basis where it will not immediately shift when the war closes. "Move while they cannot," he says. Some system like this is necessary if the party in power is to be relieved of the undesired reputation of contributing to unsatisfactory business conditions.

### A Problem in Economics.

A visit to the country districts now shows great piles of apples on the ground in many orchards going to waste. The crop is so large this year that it is hard to sell apples at a profitable price. This is more true even in the fruit growing sections than it is in this locality. The same condition prevails with the peach crop in other localities, and it is related that in Oregon, Colorado and Oklahoma this year hundreds of car loads of peaches have been left to rot on the ground because there was no market for them. This fact makes some wonder why somebody has not been able to come forward with a plan whereby all this excess of fruit could be put to good use in adding to the food supply of thousands in the great cities who need it.

On the train the other day a Jacksonville man was offered apples by the newsboy at 10c a piece, and at the fruit stores in the city they sell for 5c apiece or 10c for a dozen. Only a few hundred miles distant from the city are thousands of bushels of fruit going absolutely to waste. Here is an opportunity for some man to do good to thousands of poor families by placing these apples on the market within their reach at a nominal figure.

### Bonds for Road Building.

At Belmont, Ill., a vote is to be had Saturday of this week on the question of issuing \$50,000 in bonds for the expense of the construction of thirteen miles of hard roads. A Morgan county man who is thoroughly interested in the hard road question, said yesterday that while he believes in oiling, that we must not lose sight of the fact that oiling will give only temporary benefit, and that hard roads must be secured as a basis of permanent good roads.

In answering the objection that hard roads would not be secured fast enough to benefit the present generation much, he replied, "Has it occurred to you that for one-sixth of this year's corn crop all the principal roads of Morgan county could be paved?" He estimates that the corn crop of Morgan county this year will have a total value of \$3,000,000, and that a sum of \$500,000 would make hard roads of all the principal highways of the

county. "The time will come," he continued, "when we will wake up and decide that the quickest and best way to get permanent good roads is by a bond issue just as they are doing in a number of progressive counties."

### FROM THE EDUCATOR'S NOTEBOOK.

One of the most interesting courses of lectures ever prepared by a college is the "College Nights" at Brown University which gets under way tonight, when Roger W. Babson, the noted statistician of Boston will address the college men on "How to Get Along." Major General Leonard Wood, Warden Thomas M. Osborne of Sing Sing and others are slated to speak at succeeding "College Nights." An interesting speaker is scheduled for Nov. 9, in the person of Capt. Hans Ruel of the German liner Vaterland, which is interned at New York. Capt. Ruel will tell of his experiences in the South Polar regions while in command of an expedition.

The government of Bengal has approved a plan for the establishment of the "Indian Eton," where the sons of gentlemen in India may be prepared for Oxford and Cambridge and for the five large Indian universities controlled by the government. The Bengal government has given a building for the new school, to accommodate 50 boys, and an English head master is assisted by four native scholars.

The exploration of two members of the faculty of the University of Oklahoma who have spent two years in their work of investigation, have resulted in the conclusion that the countless thousands of mounds of Oklahoma were each the "ruin of a timber-framed, dome-shaped, turf-covered human habitation" built and inhabited years ago. These prehistoric people, judging from the many pieces of pottery and the implements recovered, antedated the aboriginal tribes of the United States and obviously thought to be the remains of of pottery. These mound dwellings exist on an average of 2,000 to the square mile. The mounds were previously thought to be the remains of building sites for Indian wigwams.

That fewer college students and fewer high school students are taking up the study of German this fall is one of the features of the early reports of enrollments. The instructors lay the blame to the war in Europe. In some colleges it is said the German courses have had heavy falling off. In the high schools the same thing is noticeable. The only figures at hand were gathered in four high schools of Minneapolis, where, in the face of an increased total enrollment of 465, only 429 in all took German, as against 495 taking the German courses last year. The drop is 15 per cent in numbers in the classes in the face of vastly larger entering classes. While French and Latin are holding their own, German felt the drop acutely, Spanish gaining much popularity. The increase in Spanish classes indicates the part of trade as an influence in the language classes.

Reports from McGill University, the Canadian center of learning, show an astounding decrease in the number of men taking up science. Enrollment this fall is 400 below that of last year and 500 below that of two years ago. The biggest decrease is in the Faculty of Applied Science, where the total has dropped from 493 last year and 604 in 1913-14, to only 330 this year. There is a loss of 100 in the Faculty of Arts, and in Medicine and Dentistry the loss reaches nearly a hundred from last year's figures. The law school has decreased from 69 last year and 77 the year before to 55 this year. To the educator this news spells a check in the growth of Canadian education, which has kept pace with the movement in the United States.

The proposed Michigan Union building at the University of Michigan, for which a million dollars is being donated by the alumni, will undoubtedly be dedicated to President Emeritus James B. Angell, who has been for 44 years titular head of the university and has served 40 years as an educator. Dr. Angell has always had at heart the complete democracy of the students and the socialization of the forces of the university—faculty, undergraduates, alumni, and citizens. Dr. Angell is nearing his 87th birthday, and he has rendered notable public service aside from his great work and an educator.

## "RUSSELL BOY" BREAKS EXHIBITION MILE ON MISS. RACE COURSE

Also Breaks Race Course Record Standing for Ten Years at Cleveland, Ohio—Horse Will be Home in Two Weeks.

W. A. McDaniel who made and trained the bay stallion Russell Boy, at his training stable in South Jacksonville for Ellis Franks of Liberty, Adams county, has just received word that the horse has gone on exhibition mile on the race course at Meridian, Miss., breaking the track record of 2:09 and also winning the free for all pace in straight heats. This week the horse will be at the races in Jackson, Miss. Following the Jackson event which closes the season the horse will be brought to Jacksonville.

Mr. McDaniel has in his training stable in South Jacksonville several local horses which have been on the track the past season and have shown good racing ability. Speaking of Russell Boy a noted horseman said that, "A one fingered man can count on his fingers all the paces that can beat Russell Boy." The horse will be brought to its stable in the course of two weeks and anyone so desiring will be welcome to go and see the animal that is advertising Jacksonville so much.

On the North Randall race course at Cleveland, Ohio, on July 26 in the Edwards stake, \$2,000, with fourteen starters he won in 2:02 3-4, equalling the record in the state that had stood for over ten years. In this race Russell Boy was awarded the silver cup valued at \$100, offered annually by the Edwards' stock farm association.

The Drama that Stirred Two Continents.

The Celebrated Scandal tells in a gripping, convincing way the story of the terrible effect of gossip and back-biting on the lives of innocent men and women. The "serpent tongues" of Don Severo and his wife, and the Marguis Alvarez, cause death and suffering. But in the end their malicious scandal-mongering is triumphantly set at naught by the slow grinding of "The Mills of the Gods."

Miss Nansen is supported by Edward Jose, former leading man with Sarah Bernhardt, Wilmoth Merkyl, Walter Hitchcock, Stuart Holmes, and a full cast of players of sterling ability.

THE LONG ROAD.

That roads are long to Easy street, is true—all winners preach it; and if you move on sluggish feet, it's doubtful if you'll reach E. I see some lads who work for hire their leaden tribly dragging; the smallest effort makes them tire, and all they know is lagging. They face their work with dismal croaks, and grumblyings stale and wheezy; they'll never bask beneath the oaks that line the street called Easy. The road is long to Easy street, too rough for any telling, and one must tireless be and fleet who there would have his dwelling. Oh, watch the men who there abide, the men who dance and gambol, and you will see upon each hide the scar of stone and bramble. They met disaster with a smile, their men was bold and breezy, they vaulted over fence and stile, and reached the street called Easy. The slungard who is so afraid that he too hard will labor, will loaf and laugh in the shade and euss his winning neighbor; and each misfortune overwhelms this man with spirit cheezy; he'll never rest beneath the elms that line the street called Easy.

## SOCIAL EVENTS

D. A. R. Held Monthly Meeting.

Rev. James Caldwell Chapter D. A. R. met Tuesday afternoon with Mrs. George W. Brown at her home on Westminster street. Papers of the afternoon were presented by Mrs. J. Marshall Miller, Miss Effie Epler and Mrs. Edward P. Brockhouse. Reports of the state D. A. R. convention at Bloomington were made by Mrs. Carl E. Black and Mrs. O. V. Bufile.

Mrs. Helen Brown Read contributed very largely to the pleasure of the occasion by a group of songs and members of the chapter especially appreciated her willingness to sing. Altogether the program of the afternoon was one of great interest.

Birthday Party For Nellie O'Neal.

Miss Nellie O'Neal very happily celebrated her tenth birthday Monday afternoon with a party of little friends at the home of her parents, 423 South Clay avenue. Out door games supplied the principal amusement and a general good time was enjoyed by the little folks who were also treated to delicious refreshments. Miss Nellie also received a number of nice presents and all was merry and joyful. Those present were: Mary Lee Kittering, Alness Harmon, Aileen Loneragan, Agnes Kennedy, Frances Brennan, Margaret Neal, Mildred Sellers, Marion Walsh, Lenese Hazel, Mary Steer, Alice Murgatroyd, Mary McGinnis.

Surprise Party for Mrs. Nellie Moses.

A pleasant surprise was given Mrs. Nellie Moses Tuesday evening. A number of intimate friends and neighbors, twenty in all, were in on the secret of the surprise and at a given hour all went to the residence, where a merry time was enjoyed until a late hour, music being the chief form of enjoyment. A pleasant feature of the evening was the presentation of a handsome travelling bag to Mrs. Moses, the presentation speech being made by E. C. Moses, to which Mrs. Moses responded in a happy manner. Refreshments in keeping with the Halloween idea were served. Mrs. Moses, in company with her baby, Bernardine, and parents, Mr. and Mrs. W. P. Smith, expect to leave Thursday for Los Angeles, where they will remain for three months.

Mr. and Mrs. W. J. Masters Married 58 Years.

Not many married couples have such record as that of Mr. and Mrs. W. J. Masters residing near Pisgah station. Their 58th anniversary took place Monday and was celebrated in a quiet manner without any especial ceremony or social gathering. Their wedding took place not far from the present location of Nortonville when W. J. Masters and Miss Lucinda Morris were made one for life. For a few years they lived not far from Waverly and then moved to their present home which they have occupied more than half a century. Both are much respected by all who know them and they yet enjoy a fair degree of health though Mrs. Masters is somewhat weakened by an accident which befell her some years ago. Mr. Masters is almost eighty and his wife three years younger. They are the parents of four children: William H. Masters, county treasurer; Gilbert H. Masters, deputy county clerk; Mrs. R. H. Duer of Meredosia and Mrs. R. R. Mathews of the city. There are also three grandchildren.

Sunday School Classes Have Pleasant Evening.

Mrs. W. N. Naylor's class of Centenary M. E. church entertained A. L. Snyder's class at a Halloween party at the home of Miss Veda Colby on West College street, Tuesday evening. Halloween decorations were in evidence everywhere. As the guests arrived they were met by a ghost and at the stair landing two witches with brooms kept watch directing the guests where to go. During the evening the Centenary

OPPENHEIM, RODGERS AND MURPHY  
ARE FOUND GUILTY ON ALL COUNTS

SYRACUSE, N. Y., Oct. 26.—A verdict of guilty on all counts in the indictment was returned late today by the jury in the case of Baron Eugene Oppenheim, Dr. Howard J. Kiehard Murphy of Amsterdam, accused of conspiracy and aiding in the embezzlement of funds from the First National Bank of Amsterdam.

Baron Oppenheim is the son of a prominent German banker. Dr. Rodgers has a reputation as an educator both in Europe and in this country. Murphy is a lawyer and former member of the state assembly. Sentence will be pronounced tomorrow morning. The penalty for aiding and abetting is not less than five nor more than ten years imprisonment; and for conspiracy, as charged in this case, a fine of not more than \$10,000, or imprisonment for not more than two years or both.

APPEAL IS SUSTAINED.

Chicago, Oct. 26.—Judge Dennis L. Sullivan, today sustained an appeal to the appellate court on the interlocutory injunction granted Sept. 23, by Judge O'Connor on a petition filed by the Chicago Teachers' Federation, members of which have been barred from teaching in Chicago public schools by the board of education.

OFFICERS WILL CONFER

San Antonio, Oct. 26.—Colonel J. E. Ferguson will confer here tomorrow with Major General Frederick Funston and it is understood that a proposal to give the army more power in the lower Rio Grande valley will be discussed.

CALL CLERKS EMPLOYED BY THE  
MICHIGAN CENTRAL OUT ON STRIKE

DETROIT, Mich., Oct. 26.—Clerks employed by the Michigan Central railroad in Michigan, Ohio, Illinois and Indiana were called out on strike tonight to enforce a demand that officers of the road meet with a committee representing the clerks to discuss alleged grievances.

J. J. Forester, grand president of the Brotherhood of Railway Clerks, who issued the strike order, declined to state the exact nature of the demands the committee wished to present to the railroad company. It is understood, however, the clerks seek recognition of their organization, an increase in wages and standardization of working conditions.

RECEIVE FOUR NEW  
HYDRO-AEROPLANES

Washington, Oct. 26.—Four new hydro-aeroplane have been received at the navy aeronautic station at Pensacola and the first navy dirigible will be delivered at the station within the next three weeks. Reports from the station made public today said extensive bomb dropping experiments had been made recently during the work and that a launching device on the cruiser North Carolina had been successfully tested.

TEMPLARS CHOOSE DECATUR.

Decatur, Ill., Oct. 26.—According to a special dispatch from L. A. Mills, grand commander, Knights Templar, now in session in Chicago, Decatur was selected today for the 1916 Grand encampment.

Rev. Frank Fox of Decatur was elected grand prelate of the state.

FIVE MEMBERS RESIGN WHEN BOARD  
REFUSES TO RESCIND RESOLUTION

NEW YORK, Oct. 26.—Five members of the Board of Missions of the Episcopal Church tendered their resignations today when the quarterly meeting of the board refused by a vote of 26 to 13 to rescind the resolution adopted last May, to participate in the Panama interdenominational missionary conference to be held in February. The Roman Catholic church, through its missions several months ago declined the invitation to participate in the Panama conference because it believed the plans of the conference were hostile to the Roman Catholic church.

MORTUARY

Moss.

Perry Oliver Moss, son of Robert and Sarah Moss, died Tuesday evening at 7:30 o'clock at his home in Concord. He had been in failing health for several months.

He was born at Walnut Grove, northwest of Jacksonville, June 22, 1866 and was married to Miss Mattie Hill, Dec. 2, 1892. They were the parents of ten children, three of whom preceded the father in death. The wife survives.

The funeral will be conducted Friday morning at 10 o'clock from the Protestant Methodist church of Concord and burial will be made in the Moss cemetery.

Wilson.

Mrs. C. A. Wilson died at Passavant hospital Tuesday afternoon at 1 o'clock. Death resulted after a severe operation for malignant sarcoma. At the time of her death Mrs. Wilson was housekeeper at Illinois Woman's college. She handled that difficult position in a most successful manner and was well liked by all with whom she came in contact.

Carrie A. Trotter was the youngest daughter of the Rev. and Mrs. W. D. R. Trotter and was born in this city January 14, 1852. She therefore was 63 years, nine months and twelve days old at the time of death. June 10, 1872 she was united in marriage to James E. Wilson. To this union two children were born a son and a daughter. The daughter, Mrs. W. H. Newey of West Medford, Mass., survives. The husband and son preceded her in death some years ago. There also survive two sisters, Mrs. Eliza Caldwell and Mrs. Ellen Rowen who live in the family homestead, 725 East State street.

Deceased was for many years a member of Centenary M. E. church and always took an active interest in the affairs of the church.

The remains were taken to the undertaking parlors of W. W. Gillham. Funeral services will be conducted Thursday afternoon, at 2 o'clock, from the family residence, 725 East State street, in charge of Dr. J. R. Harker, assisted by Rev. G. W. Flagg.

Burris.

T. J. Burris, aged 68 years died at the home of his daughter, Mrs. David Giger west of Arenzville, Tuesday morning at 4:30 o'clock. Mr. Burris was taken suddenly ill at the home of his daughter where he had gone to visit last Thursday and never recovered sufficiently to be removed to his own home.

Deceased was widely known as a farmer throughout Morgan and Cass counties. He had been a resident of Arenzville for a number of years and was always active and interested in every public enterprise. He served the town of Arenzville as a member of the village board. He was a member of the Arenzville M. E. church and was superintendent of the Sunday school.

There survive his wife and three daughters, Mrs. Henry Reekamp, Mrs. David Giger and Mrs. Henry Kuhlman, all of Arenzville and vicinity, one son Arthur, three sisters, Mrs. T. J. Scott, Hume, Mo., Mrs. Wegehoff of New London, Mo., and three brothers, William and Alexander Burris of Arenzville and Benjamin Burris of Meredosia.

Funeral services will be held from McKendree chapel church southwest of Arenzville Thursday afternoon at 1 o'clock, in charge of Rev. W. H. Halley of Barry. Interment in Purpus cemetery.

POST OFFICE BURGLARIES HAVE  
BEEN NUMEROUS OF LATE

Warning Sent to All Postmasters Except First Class to Guard Cash and Stamps More Closely.

Washington, Oct. 26.—Postoffice burglaries have been so numerous of late that an order went forth today to all postmasters except of the first class, throughout the country to keep on hand a smaller number of stamps and other papers of a commercial value and to guard them more carefully than in the past.

Reports to the postoffice department accounting for last year's business show that 1,400 claims, aggregating a loss of \$190,000 resulted from burglary of postoffices. They were received from nearly every section of the country.

Inspectors were unable in most cases to find any trace of the stolen goods because of the lack of identification marks. Their investigations, however, have led department officials to believe that stamp brokers in a number of the larger cities make it their business to dispose of stolen goods. The department is pursuing its investigations along these lines and also is endeavoring to develop some means for identifying stamps and other papers.

FILE BRIEFS IN EFFORT  
TO RETAIN LIQUOR LICENSES

Denver, Colo., Oct. 26.—James H. Marsh, city attorney, late today filed in the state supreme court the brief of the city and county of Denver, arguing that the city charter amendment regulating liquor licenses should stand, in spite of the statewide prohibition amendment adopted in 1914.

The brief was filed in the case in which the city and state authorities agreed to test the validity of state prohibition laws to obtain a judicial basis for administration when the state laws become effective January 1st, next.

AWARDED FIRST PRIZE IN  
HYDRO-AEROPLANE CONTEST

New York, Oct. 26.—Lindsay Little of the Illinois Model Aero club, tonight was awarded first prize of \$50 in the Aero Club of America's duration from the water model hydro-aeroplane contest. Little's machine remained in the air for 116 seconds. Ellis Cook and Ward Pease, also of the Illinois Model Aero Club, captured second and third prizes of \$25 and \$10 respectively.

Cook's model made a record of 100.6 seconds and Pease's 71.8 seconds. All three of the machines broke the previous record of sixty seconds held by George A. Cavanaugh's model.

GRACE M. E. CHURCH HAS  
EVERY MEMBER CANVASS

A successful day was reported by the forty workers who took part in the every member canvass Tuesday at Grace M. E. church. Some portions of the field not covered yesterday will be given attention today. The work of calling on the membership of the church and the taking of subscriptions for the church budget and for missions occupied both forenoon and afternoon, the teams of two reporting at the church for luncheon, at noon and for dinner at 6 o'clock. Meals were served by the Marys and Marthas and by the Queen Esther circle.

FIRE AT OLD BERLIN.

The two story residence of Frank Fromme of Old Berlin caught afire Monday while the family were absent to attend the funeral of a neighbor. Five thousand dollars was announced as the valuation of the property. A bull dog, which was left locked in the house, frightened neighbors who discovered the fire and came to assist, and but few of the contents were saved. The family returning at noon found the house in ruins.

## KITCHIN NOT YET CONVERTED TO SUPPORT DEFENSE PROGRAM

Majority Leader States He Will Be Glad to Confer With President When He Returns to Washington About Nov. 7.

Washington, Oct. 26.—Representative Claude Kitchen, majority leader of the house of representatives has not yet been converted to support of the administration's national defense program, when Mr. Kitchen was in Washington for a few hours today white house officials sought to get into touch with him to arrange an appointment to discuss the army and navy appropriations with President Wilson tomorrow. He had left the city for North Carolina, however, before official notification reached him. He said before leaving that he would be glad to confer with the president on the subject when he returned to Washington about Nov. 7th.

To those who talked with him, the majority leader frankly said he did not see how he could support the defense appropriation program if it came to congress substantially as outlined in unofficial reports. He declared, however, that he would keep his mind open on the subject until he had talked with the president.

Not all of the details of the army appropriation program have been made public. One reason for this, it is said, is a desire of the president to complete his conferences with the party leaders in the house and senate before a final draft of the estimates is made up.

Friends of Representative Kitchen assert that in case he cannot give the administration proposals his support he will not oppose them as leader of the house majority but merely as an individual.

## EVILS OF BARNSTORMING TRIPS WILL BE ELIMINATED NEXT YEAR

Johnson's Attention is Called to Stories of Post-season Games Which He Believes Do Not Reflect Credit on Baseball.

Chicago, Oct. 26.—The several evils of barnstorming trips by league baseball players will be eliminated next year, according to President Johnson of the American League, whose attention was called today to various stories of incidents in post-season games which he believes do not reflect credit on the national game. New legislation will be employed to stop the evils if enforcement of the rules at present in existence was not sufficient. According to the rules, players must procure the consent of the club before taking part in post-season games but, as most of the magnates dislike to refuse the men the privilege of making a little extra money in the off season, the players, it is said have disregarded the rules and played without asking permission. One complaint which President Johnson heard was that against a group of players on a National league team who, through the negligence of the club secretary, failed to appear for a post-season exhibition game in an Ohio town, to the disappointment of a crowd of fans and the financial loss to the local club.

Another involved the riot reported from Indianapolis which aroused the American association to a plan of action. In the game which led to the riot, American leaguers of prominence as well as some players from association clubs took part playing against a negro team. The latest is the report that both National and American league players took part in a game at Watseka, Ill., the other day in which Federal leaguers also participated.

No formal complaints based on these reports have reached President Johnson nor to his knowledge any other members of the National commission regarding the instances cited and until charges are preferred no disciplinary measures will be taken, he said. The players who take part in games with "outlaws" are subject to discipline, however, and their rules are definite on that point.

Mr. Porowski is well pleased with the appearance of Jacksonville and was especially loud in his praises of Nichols park and took several views of it to be developed when he returns. He is enthusiastic over his home city and says it has a wonderfully fine system of parks, boulevards and the like.

Mr. Porowski and Mr. and Mrs. Moore went to Springfield and brought back Mrs. Cowdin, wife of Dr. Fred Cowdin, so well known here. Mr. Porowski is president of the German hospital in Kansas City and says they have a fine institution already and have let the contract for a \$300,000 addition. The present building was erected four years ago and cost \$250,000 from which it will be seen there is nothing small in that respect in the people of the metropolis of western Missouri.

## MARQUIS OF LANDSOWNE DOES NOT BELIEVE SERBS CAN HOLD OUT LONG

LONDON, Oct. 26.—Replying to a question by Earl Loreburn in the house of lords this afternoon as to the progress of the campaign in the Balkans, the Marquis of Landsowne, the Unionist leader, who holds a seat in the cabinet without portfolio, said:

"I must say with great regret I am afraid we must admit that the progress of the campaign in Northern Serbia has been such as to render it highly impossible that the Serbian army will be able to withstand for any great length of time the attacks to which it is exposed from the north aided by the stab in the back which Serbia is receiving at the hands of Bulgaria."

Earl Loreburn had asked whether the despatch of troops to Saloniki had been determined upon with the approval of the naval and military advisers and whether the government could give assurance that full provision had been made for the communications of this force and for its supply of men and material to the satisfaction of the naval and military experts. Earl Loreburn said he understood the government's desire was that the matter should not be debated at the present time but that there was a reason for asking the question.

"We are disappointed in the Dardanelles enterprise," the earl continued, and he added that he did not know whether that enterprise had commenced with or without the advice of the naval and military authorities and one but could not help asking whether a new adventure would be a repetition of that. The greatest danger from which this country could suffer, the speaker said, was unpreparedness and indecision.

The Marquis of Landsowne explained that there were moments when it was not in the public interest that questions relating to the war should be freely discussed in parliament, as the effect on both the allies and their enemies had to be considered. He said, however, that he could assure Earl Loreburn that neither in the present government nor in any government of which he had been a member had it been the practice of amateur strategists to impose their plans upon the professional advisers of the government.

With the present government, the Marquis of Landsowne continued, it was unlikely anything of the kind could occur. Earl Kitchener, minister of war, was present at every cabinet meeting and it was impossible to suppose he would allow himself to be deflected from his course by the pressure of his civilian colleagues.

## BACK TO KANSAS CITY.

Mr. and Mrs. Frank Porowski who have been visiting Mr. Porowski's sister, Mrs. George Moore, 645 East State street, expected to return home this morning. While here they have been enjoying the time in various ways with a fine automobile which Mr. Porowski drove from his western home and with which he will return. It is an Apperson 6, a gift from the establishment with which the gentleman is connected and naturally he values it highly.

Mr. and Mrs. Porowski and Mr. and Mrs. Moore went to Springfield and brought back Mrs. Cowdin, wife of Dr. Fred Cowdin, so well known here. Mr. Porowski is president of the German hospital in Kansas City and says they have a fine institution already and have let the contract for a \$300,000 addition. ## RETURNS FROM WEST.

Miss Mary Ryan of 1716 South Main street, South Jacksonville is at home after a sojourn of two and a half months in the far west and on the Pacific coast. She visited the Panama-Pacific exposition at San Francisco, and the exposition at San Diego, made the 22 mile ride over the ocean to Catalina island, saw the marvelous sights fifty feet down in the water through the glass bottomed boat, and was at various other resorts.

While enroute she stopped in Denver and made a visit of three weeks at the home of her sister, Mrs. Kate Popejoy and stopped for several days at St. Louis with friends. Miss Ryan stated that though her trip was enjoyed every minute and the scenes visited were interesting she had come to the conclusion that there is no place like home—especially if that place is situated in Illinois.

Mr. J. C. Widenham is having his office painted and decorated in a fine manner; Williams & Goes are doing the work.

E. N. New is painting the front of the Brady Brothers hardware store and also has the contract for painting and decorating Dr. Kopper's office on West State street.

The store room of Coover & Shreve is receiving paint and various improvements within and without and which will add much to its appearance.

RECEIVES GIFT OF PARROT. Mrs. L. C. Matthews of East College street, is in receipt of a handsome parrot, sent by her son and wife, Mr. and Mrs. Arthur Matthews of Springfield. The bird is beautifully marked and is a good talker, and it is needless to say that Mrs. Matthews is very proud of the gift.

## Notes On Live Farm Themes

"Almost any field of Champaign county corn will make from 60 to 75 bushels an acre." This was the statement made by a well known landowner a few days ago and he voices the opinion of nearly every farmer in the county. There is very little poor corn. Corn husking will begin about Nov. 1. A few farmers will start before that time.—Champaign News.

W. C. Brockhouse residing five miles west of Concord is another successful farmer though at present he is letting his boys carry on the work as he has earned a rest which he is enjoying. He likes white corn best and prefers a variety that does not make such large ears as the Boone County White. He still feeds some cattle and for that purpose sticks to the broken corn plan with hogs to follow and even feeds some shock corn though not as much as formerly.

A well known and successful farmer of this county said yesterday he places the greatest value on human labor in the soil. Anything like burning stalks or straw or even hauling either off the farm he regards as a well nigh unpardonable offense. He takes a crop of straw fresh from the threshing machine, spreads it over the ground and then plows it under if he expects to use the land the following spring for corn or oats. In that way the straw becomes well rotted and supplies the land with what it needs so much and the result is easily seen. His corn stalks he cuts down and prefers to husk the corn on the stalk, as he doesn't feed many cattle and yet has no use for a silo but he manages to have the stalks well cut up and lie the way the furrows go and plows them well under. He believes in deepest kind of plowing in the fall for fallow plowing and more shallow in the spring.

Charles McFarland, whose home is six miles west of Jacksonville in the Markham precinct, said yesterday that some farmers in his neighborhood have already begun to shuck corn, as they claim that it is mature enough for this purpose. The great majority of farmers however, in that locality think that corn will not be fully matured for ten days or two weeks. Mr. McFarland usually feeds the corn that he raises but says that this year the indications are that he will have nothing to feed. He has about fifty head of hogs on his place of varying sizes, and eight or ten have died within the last two or three weeks from cholera. Some of the hogs are too sick to sell and others are too small, so that he has the unpleasant prospect of losing the whole drove.

Some farmers in the same locality have taken the precaution of vaccination. Fred Jewsbury is one of them. He has a large number of hogs and his experience in the past have made him a believer in vaccination as a matter of safety. He has had all of his hogs vaccinated and did the same last year with good results.

There are other farmers in the same neighborhood who do not believe that the good results of vaccination have been fully proved, and moreover, the spread of the hoof and mouth disease because of infected serum has further tended to shake their faith.

Held Public Sale. The sale held by Messrs. Hopper & Hoffman at the McComb farm southwest of Jacksonville Tuesday was well attended. Surplus stock was sold in addition to hay and straw, and the prices paid were in the main satisfactory. Cows sold from \$40 to \$57.50, sows from \$20 to \$29.50, a timber hog sold at \$37 and \$39 a bale and straw at 12 cents a bale. Jed Cox was the auctioneer and R. R.

## TO HEAR MORGAN ON TRACK DEAL.

New York, Oct. 26.—J. P. Morgan will appear tomorrow before the Thompson Legislative Investigating Committee, and will tell what he knows about the contract which the Interborough wanted to let J. F. Stevens for the third-tracking of the elevated roads on a cost and percentage basis. The opinion has been expressed that this arrangement was proposed in order to provide a two-million-dollar "yellow dog" fund, and Senator Thompson is determined to get to the bottom of the proposal.

The committee has patiently awaited the return of the financier from a vacation which he planned after putting through the loan to the Allies. The subpoena was served on Morgan before his departure, but the lawyers succeeded in arranging a postponement of his appearance.

## AMERICAN BOARD MEETS.

New Haven, Conn., Oct. 26.—The American Board of Commissioners for Foreign Missions opened this morning its 106th annual meeting, in connection with the assemblage of the Congregational National Council. President Thomas D. Christie of St. Paul's School, Tarasus, Asia Minor, is leading the missionaries who will speak. The American Board is the oldest foreign missionary society in the country, and was organized in 1810. It has over 600 missionaries now in service.

INDIANA CLUBWOMEN MEET. Indianapolis, Ind., Oct. 26.—The Indiana Federation of Women's Clubs opened here this morning its ninth annual convocation. Many speakers from other states are attending, including Miss L. E. Stern of Milwaukee, Miss Anna Johnson, president of the Ohio Federation, Mrs. Richard H. Lacey of Franklin, Ky.,

Stevenson was the clerk. Lunch was served by the ladies of the First Baptist church.

## Sangamon County Farmers Organizing.

The Sangamon County Farmers' Cooperative Association is now an assured fact. Announcement has been made by S. E. Prather, secretary of the temporary organization, that the signatures of land owners representing more than 50,000 acres have been secured.

It is expected to increase this number of signatures to land owners representing at least 100,000 acres within the next few months. It is expected that by the middle of next month a meeting will be called to effect a permanent organization. The questions to be considered will be the employment of a farm expert, co-operative marketing and township organization.—Springfield News.

## Success in Dairying.

A writer in the Orange Judd Farmer tells how Herman C. Horneman, of Iroquois county, has made a financial success of dairying in six years' time. The young man graduated from the Iowa agricultural college in 1909. Today he owns a 172-acre dairy farm which is nearly paid for, and owns besides interests in several creameries. After graduating he worked in Chicago creameries for a year. Then in 1910 with a capital of \$287 he started in the creamery business for himself. In 1911 he purchased a farm, making a small payment down, and also bought six pure-bred Holstein cows of good type, high production and noted blood lines. Additions have been made to the herd and now he has thirty-five fine animals.

It is Mr. Horneman's intention to get the greater part of this farm into alfalfa and corn, and his reason for it is that those crops are the main feed for the cows. He intends to have a small acreage of summer soiling crops as sorghum, cowpeas, soy beans and sweet corn. He has ten acres of blue grass which is more of an exercising lot than a pasture. The soiling crops will be fed in this pasture. Mr. Horneman says: "Some people feed silage all the year round, but I believe the cows appreciate some fresh green feed during the summer." He intends to buy the protein concentrates that are necessary for the cows.

Mr. Horneman is trying out a new plan of feeding similar to the self-feeding system for hogs. The cows are started on a reasonably balanced ration and are watched very closely to see which feed they like best. If a certain cow likes a certain feed she is given more of it and production is watched. If the milk flow increases the feed is increased until the right amount is determined. He says that cows differ in their liking of feeds, and he now knows it pays to give the cows the feed they like best. Some cows will get fat on the same feed that other cows get thin on. On his system the fattening part of the ration is cut on the fat cow and is increased for the thin cow.

The calves are taken away from their mothers at two and three days old and are fed twelve pounds of their mother's milk in three feeds a day for the first five or six weeks. The whole milk is then gradually changed to skim milk. When the calves are at that age they begin to receive a grain ration of three parts bran, three parts oats, two parts oil meal and one part corn meal. That ration is given to them three times a day, all they will clean up.

Pure-bred Berkshire hogs are kept on this farm and there is a university style hog house in which the windows are arranged so that the sun will hit the farrowing pens after March 1. Mr. Horneman is thinking of establishing a hog-feeding plant to consume the buttermilk and other waste from the creameries.

## Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,'" remarked a leading druggist.

The expectant mother if she has heard of this splendid embrocation probably not reading the papers to much extent. And if she does it is a happy thought to send hubby to the drug store. "Mother's Friend" is applied externally over the abdominal muscles.

It is a gentle, soothing lubricant, penetrates to the fine network of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses. And particularly to young mothers is this remedial application of inestimable value since in thus keeping the muscles firm but pliant it enables them to go through the ordeal without laceration of the epidermis so often the case when this gentle form of lubrication is neglected.

"Mother's Friend" is highly recommended by a host of women. Write Bradfield Regulator Co., 508 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and "recommended it through two generations.

### SUPERSEDEAS ISSUED IN BEHALF OF EARL HARDY

Case Was Taken to Appellate Court By Mr. Haigrove—Defendant Admitted to Bail.

Earl Hardy, who was found guilty in the county court a few weeks ago on the charge of selling liquor in anti-saloon territory, has been released from jail because of a supersedeas issued by the appellate court, W. N. Haigrove, attorney for the defendant, having been notified of that fact Tuesday. Hardy was found guilty on one count and was sentenced to jail for thirty days and ordered to pay a fine of \$100 and costs.

Mr. Haigrove took the case to the appellate court on a writ of error. He presented to the court the fact that the jury after reaching their verdict, signed a blank verdict which was intended by the court as a part of the instruction. The jurors used this blank and filled in the space, showing that in their judgment Hardy was guilty on one count. After examining the evidence, the appellate court granted the supersedeas whereby Hardy is admitted to bail in the sum of \$500. Final action on the case by the appellate court is not expected until early in the coming week.

### JEFFRIES' BAND WILL PLAY ON PICNIC DAY.

Burgoo, Wednesday, Nov. 3, Will be Attended by Concert—Six Thousand Tickets Will be Sent Out.

Jeffries' band has been engaged and will give a concert during the farmers' picnic and Chamber of Commerce burgoo Wednesday afternoon, Nov. 3, according to announcement of Secretary Weber Tuesday. Mr. Weber has for the past two days been engaged in securing subscriptions for the burgoo and is well pleased by the interest manifested by Jacksonville merchants. Six thousand free tickets will be mailed this week, sufficient for Morgan county farmers and farmers within a ten mile radius of the county line as well.

Secretary Weber has also been very fortunate in securing the services of the veteran Isaac Watson for soup maker. Mr. Watson has greatness in that line and it may be said of that that greatness was not born in him nor thrust upon him, but achieved by honest work, experience, good judgment and strict integrity for he will not make a poor article no matter what may be the temptation. He recently received a request to make the soup for a burgoo in the southern part of the state, so widely spread has his fame become.

### GAVE HOUSE PARTY.

Mrs. John E. Wright has returned from a visit with her daughter, Mrs. Rosa Bell of Manchester. A pleasant feature of the visit was a house party given by Mrs. Bell for her mother. A good many guests were present and a very pleasant time was enjoyed by all. Mrs. Wright has a large circle of friends in and near the community in which she formerly lived and they were all glad to meet her.

Miss Clarabelle Meggison of Woodson was in the city Tuesday visiting friends.

### MOTHER DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, Mother! If coated or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs", then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs", which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company"—Adv.

### RUB RHEUMATIC PAIN FROM ACHING JOINTS

Rub Pain Right Out With Small Trial Bottle of Old "St. Jacob's Oil"

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia. Limber up! Get a small trial bottle of old-time, honest "St. Jacob's Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv.

### MUSICAL FESTIVAL HELD AT MEREDOSIA

Was Largely Attended and Big Success—Other Meredosia Items. The musical festival of Thursday and Friday given by the Concert band was well attended by the surrounding towns and community. On Friday morning a parade consisting of skillfully prepared floats advertising the different business houses of our city, beautifully decorated automobiles, ladies on horseback, clowns on horseback; also comical turnouts, attracted the visitors. In the afternoon four bands, consisting of Mt. Sterling, Merritt, Arenzville and Meredosia played in unison for about two hours to the delight of all present. A merry-go-round and many other attractions were on the grounds for the amusement of the people. It is the intention of the band to make this an annual affair.

### WOMEN IN THE NEWS.

Peterborough, N. H.—"Colonizing Creative Capability" is the unusual work which Mrs. Edward MacDowell is carrying out in this hill-town of New England. The dream that her husband dreamed long years ago has become an accomplishment, and a successful season is just finished. She has sent back to the cities a score of men and women workers in the creative arts renewed in health and courage, and with ample fruits of good work done in the peace of the hills. And she is now facing her annual deficit, which she has met year after year by giving recitals of MacDowell music from the Atlantic to the Pacific. A woman of frail health, she has astounded her most intimate friends by the tenacity of her spirit. She attributes her success with the colony to her unobtrusive management. She keeps herself and her husband's music in the background. She believes there should be no dominating influence in a colony of creative beings.

Pittsburg—The Pennsylvania state conference of the Daughters of the American Revolution opened here today. Mrs. S. Jarvis Adams will give a reception to the delegates at her home tomorrow evening. The Carnegie Institute will be inspected this evening, and on Wednesday the delegates will attend a play in the theater of the Carnegie Institute of Technology.

Boston—Miss Alice Henry, former editor of "Life and Labor" in an address before the members of the Women's City Club, stated that women now work in all but 44 of 400 trades. She pointed out that because of the ever increasing number of household labor saving inventions, vacuum cleaners, etc., women are finding more and more work outside the home. She argued that girls should be allowed to obtain a knowledge of trades in which there is at present little demand for female workers. Her statistics were gained from the census tabulations. Among the unusual trades in which women work she found 11 women managers of livery stables.

Trenton, N. J.—Candidates for policemen in this state will be given official tests next week. The Civil Service Commission will conduct the tests on Nov. 3, and the candidates will be limited to ages between 30 and 40. Trenton will have the first eligible list in the State.

Atlanta—While sweet-scented letters are finding their way to the battle front in France from Georgia maidens, in the campaign to cheer up friendless soldiers, the women of France are to have their soul healed by the cheery letters from Uncle Sam's fighters. Just as long as the men in the trenches are Uncle Sam's boys who are doing duty in the lonely "Black Republic" of Haiti, they heard of sweet miss and Mrs. W. C. Bealmer and Samuel gives that Georgia girls are writing Bealmer near Moberly.

to the men in the trenches, and so they have laid their case before Dr. F. E. Mays, executive secretary of the Georgia War Relief Committee. Dr. Mays received the names of a hundred French fighters who were lonesome and he distributed the names among Atlanta girls. Now he must heed the misery of the boys in Haiti, and he has consented to send to the pretty girls of France the names of the lonely marines of Uncle Sam.

Philadelphia—Mrs. Joseph Fels, the single tax lecturer who took up the propaganda which her husband was spreading before his death, has just completed a fourteen weeks' lecture tour in the West and Canada. Mrs. Fels believes that all taxes will be removed save one, the tax on land. A year ago, she returned from England, and has since lectured in nearly every large city in the country.

New York—The final week of the suffrage campaign in New York state has been reached, and there are 6,000 campaign workers stumping, button-holing and shouting throughout the state. A thousand meetings are held each day, and every city, town and hamlet is being combed for suffrage votes. The big parade of last Saturday is being followed by the last grand rallying week, in which the efforts of the volunteer workers are being doubled.

San Francisco—One of the most pitiful of war's victims is a Russian girl, Maria Possen, who arrived here last week, having walked 1500 miles in Siberia and China to get to America. Orphaned by the war, she traveled over the Siberian railroad, abandoning the train to walk 1500 miles to Shanghai.

**SOME BUTTERNUTS.**  
A man brought to the city yesterday two bushels of butternuts, a very scarce article in this vicinity. The nuts grow on a tree of the black walnut family though it is not as large. The nuts are cylindrical in shape, about two inches long, three fourths of an inch in diameter and tapering at each end. The hull is thin and when the nut is hared of the outer covering it is quite rough. Elderly people will remember the name that was used as a term of reproach during the war. The meat of the nut is very good, not nearly as strong as that of the walnut and more palatable. The tree grows more frequently farther east.

**LITERBERRY REVIVAL.**  
Revival services at the Baptist church in Literberry are starting off in good earnest and interest seems to increase from service to service. The Rev. William Johnson is in charge and Rev. Mr. Crabtree of White Hall, pastor of the church, is assisting.

**VISIT IN MISSOURI.**  
Newton Wilson and Frank Hunter of Sinclair, were in the city yesterday on their return from Missouri. They spent several days with Mr. Hatt, they heard of sweet miss and Mrs. W. C. Bealmer and Samuel gives that Georgia girls are writing Bealmer near Moberly.

## THE CROSSING COP IS REAL MOTOR CAR CRITIC

Knows All the Strong and Weak Points of Different Makes.

In the present era of long-distance automobile racing, Official Starter Fred J. Wagner is a busy man if he sends away three fields in a month.

To the average crossing policeman in any big American city, a job like this would seem like nothing to do. For there isn't a day goes by during which, acting in his official capacity, the cop doesn't start at least a hundred dashes, with fields ranging from four to twenty or more cars competing.

With such opportunities, it is no wonder that the crossing policeman becomes a good judge of automobiles and on intimate terms with their characteristics. His ideal is the car that, day in and day out, shows ahead of the rest in the dash that starts with the toot of his whistle. Now and then he becomes himself a motorist as did Traffic Officer Guy McAfee of the Los Angeles squad, who appeared one day at the Maxwell agency and demanded to know what sort of gasoline they were using to make the new 1916 models so brisk in the crossing dashes.

"I've been watching 'em for some time," commented McAfee. "Now I'm going to own one. If anybody beats me past my mate when I'm off duty it'll be my fault and not the car's. Far there's something about these babies that acts like pep".

Up to date McAfee hasn't lost a heat. It is his chief delight to show his fellow Los Angeles motorists how a good driver and a good car work together in the traffic.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

The Moment "Pape's Diapepsin" Reaches the Stomach all Distress Goes.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

## LIVE ISSUES IN CALIFORNIA SPECIAL ELECTION TODAY

Fifteen Million Dollar Bond Issue for Good Roads One of the Big Questions up.

San Francisco, Oct. 26.—The climatic of party designations on the ballots in this state, a fifteen million dollar bond issue for good roads, and a provision giving the Legislature the power to designate what causes of property shall be subject exclusively to state taxation, are the big issues being voted on in California today at a special election.

Most of the stumping and fire-works centered on the "no party" question. Gov. Johnson headed the campaign for the defense of the no-party measures, and he has had been opposition in the Republican and Democratic camps, which joined hands to defeat the measure.

The fight started in the last session of the Legislature, when the Governor forced the passage of bills removing the usual party emblems from the ballot in all state elections and requiring candidates for office to run as individuals, not as Democrats, or Republicans, or Socialists, etc., as heretofore. These measures automatically became operative last August, but were held up by the invocation of the referendum.

The movement to defeat the proposed abolition of party designations was initiated by the Republican State Executive Committee and was quickly seconded by prominent Democrats. A joint committee, headed by William C. Ralston, former U. S. Sub-Treasurer here, was created to fight the proposed abolition of party designations. It is said that this committee has sought the aid of the national leaders of the Republican and Democratic parties.

The Governor and his supporters have made a vigorous campaign in support of the movement to do away with party designations on the ballots. Governor Johnson has spoken in the leading cities, and other members of his administration have gone to all corners of the state. Their opponents have made a thorough canvass and are claiming a victory at the polls today.

The proposed constitutional amendment relating to taxation, which is also being voted on today, is opposed by the State Association of Taxpayers. It is claimed that the amendment will lessen San Francisco's revenue by over \$600,000. Tax measures provide that the Legislature may classify property taxable only by the state and such property as taxable for local purposes. The opponents of the law declare this is the most radical change in taxation laws ever submitted to the people. It is claimed that the measure taxes from the voter the right of voice in taxation questions, for, as revenue laws are not

subject to the referendum vote, the will of the Legislature would become supreme.

The fifteen million dollar bond issue for road construction is heartily endorsed by state leaders. It supplements the appropriation of eighteen millions in 1910, of which two-thirds has been expended on new roadways. The previous issue was for the purpose of constructing two main trunk lines from the north to the southern ends of the state, approximately 2,500 miles. There is now planned some 1,059 miles of trunk lines and 1,163 miles of laterals, to cost \$17,700,000.

MOHR GUARDIANSHIP CASE.

Providence, R. I., Oct. 26.—The petition of Mrs. Elizabeth F. Mohr, widow of Dr. C. Franklin Mohr, and one of the four under indictment in connection with his murder, asking that she be appointed guardian of Dr. Mohr's two minor children will be heard in the Municipal Court today. Three negroes are indicted with Mrs. Mohr in connection with the murder, which was committed while Dr. Mohr was riding in his auto with his woman secretary, Mrs. Mohr has filed petition for the appointment of an administrator for the estate, and also for an allowance from the estate for the support of herself and children.

CANADIANS STUDY WISCONSIN LAW.

Madison, Wis., Oct. 26.—The British Columbia compensation investigating committee is here investigating the working of the workmen's compensation law of Wisconsin. The committee is gathering information preparatory to framing a similar law for British Columbia. The practical working out of the various state laws of the United States will be studied thoroughly.

GULF COAST FAIR.

Mobile, Ala., Oct. 26.—The Gulf Coast Fair, a new venture for the southern counties of Alabama, Mississippi and Florida, opened today for one full week. The new fair is devoted to the most part to a great agricultural and live stock exhibit, and a demonstration farm is showing the possibilities of winter crops in the Gulf Counties.

GOVERNOR'S DAUGHTER WEDS.

Boise, Idaho, Oct. 26.—Miss Leah Alexander, daughter of Governor Moses Alexander of Idaho, was married today to Michael E. Spiro of San Francisco. They first met at the Exposition at San Francisco a month ago, while the Governor's daughter was visiting the fair. They will voyage to Honolulu for a honeymoon and will live in San Francisco.

PLACED UNDER PEACE BOND.

Joseph DeFries, Jr., was before Justice Dyer Tuesday and was placed under bond to keep the peace for three months. The complaining witness was Mrs. Mary Seal.

## "NOW SO HAPPY," WOMAN SAYS

Mrs. K. S. Reisinger of Decatur Tells How Tanlac Relieved Her.

PRAISES MEDICINE.

"I am so happy," Mrs. K. E. Reisinger, of Decatur, said recently to her friends, when discussing Tanlac, the new preparation now being introduced in Jacksonville, and the wonderful results she has obtained from the use of the "Master Medicine."

Mrs. Reisinger resides at 331 North Edwards street, Decatur, Illinois, and has a host of friends in this vicinity.

"I feel like a different woman," she continued, "for the medicine has done me a great deal of good. I have been troubled with my stomach and indigestion for some time. Before I began taking Tanlac, it was difficult for me to prepare a meal without the odor of the food making me sick. My appetite fell off and the little things that I did relish did not seem to agree with me very well. I finally reached a place where I could not sleep at night and when I would get up in the morning I would feel all tired out and sometimes quite weak."

"I saw Tanlac advertised and decided to try a bottle though I must confess that I did so with great misgivings, as I had tried a number of other remedies and had obtained only temporary relief. Much to my surprise after I had taken the first bottle I began to feel better. In a few days my appetite had improved and I was able to eat just any kind of food with great relish. I am no longer restless at night but sleep as peacefully as a baby and feel refreshed and bright when I arise in the morning."

"I am so happy that I want everyone to know of my case and to know of the good Tanlac did me. I am more than glad to recommend this medicine to all my friends and to all others who are suffering as I was."

Mrs. Reisinger's case is typical of thousands of others in Illinois who have taken Tanlac with the most beneficial results.

Tanlac, the "Master Medicine," is now being sold in Jacksonville at the drug store of Coover & Greve—Adv.

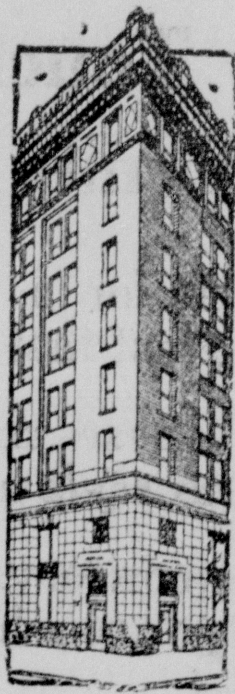

INFLUENCE OF WOMEN

"Women are a wonderful influence in the lives of most great men," says the Washington Post, and upon women rests the responsibility for family health. To her they look for help in times of sickness, and the attention of every wife and mother in this vicinity is called to the rare combination of the three oldest, tonics known, which Druggists Lee P. Allcott, of Jacksonville, Illinois, guarantees in Vinol—iron for the blood, beef pentone for strength, and the body-building, medicinal properties of cod livers. It will pay overworked, weak, run-down people, delicate children and feeble old people to try it.—Adv.

### VISITATION DAY TUESDAY PREPARES FOR CHRISTIAN CHURCH MEETING

A Hundred Men and Women Call on  
Membership and Report at Six  
O'clock Luncheon—Rev. J. L.  
Brandt Comes Sunday.

Annual visitation day was observed on the second time at Central Christian church Tuesday with a hundred men and women of the congregation serving on the teams of two which made calls, so far as was possible in the single afternoon, on the entire membership of the church. At six o'clock the team members gathered at the church for luncheon. Reports were given of the afternoon's work and short talks were made by the Rev. M. L. Pontius, pastor of the church. Clarence

The Rev. John L. Brandt.

L. DePew and the Rev. George W. Wise of Camp Point, George T. Douglas, D. W. Osborne, A. C. Rice, W. S. Rice, W. W. Schrag and Miss Eleanor Thompson. The visitation was for the main part social, there being no solicitation of funds. Cards were distributed announcing the three-week revival series to begin Sunday evening under direction of the Rev. John L. Brandt of St. Louis.

Mr. Brandt is well known as pastor of one of the largest congregations in the church, First Christian church of St. Louis, recently located in a large new building on Pendleton and Delmar avenues. Mr. Brandt is a traveler of note, having recently completed a world tour of 30,000 miles and having traversed a total of 400,000 miles in the course of several trips.

Mr. Brandt last year received a bequest of \$70,000, in trust for the new church building, from an old man whom he had once befriended. To members of the St. Louis church this aid for their new building came as a great surprise and the incident was commented on extensively in the city papers at the time.

Following are the sermon subjects for the first week of the meetings as announced on the cards distributed Tuesday:

Sunday evening, Oct. 31, 7:30 p. m.—"Your Responsibility."

Monday evening—"God in the World."

Tuesday evening—"Christ the Only Savior."

Wednesday evening—"Man, His Purpose and Destiny."

Thursday evening—"God's Message to Man."

Friday—"The Church of Christ"

Services will begin throughout the week at 7:30 o'clock. Saturday evening there will be no service held.

Both Mr. DePew and Mr. Wise made reference to Mr. Brandt, in their talks at the luncheon, mentioning the high opinion in which he is held in circles of the church and voicing the favorable opinion both have received from personal contact with the evangelist.

RETURN TUESDAY FROM  
TRIP TO NEBRASKA

Mr. and Mrs. Ensley Moore who have been away from the city for the past two weeks returned home Tuesday. They first visited in Wayne county, in northwestern Nebraska and at Lincoln where they had the pleasure of meeting Fred W. Sanford and Clarence S. Paine, who is secretary of the State Historical society of Iowa. Crops are looking well in that section of the country, the corn yield being unusually good, with considerable oats. Mr. and Mrs. Moore had some fine weather for their visit. They were accompanied by their daughter, Ainslie, who stopped on the way home at Tarkio, Mo., where her sister, Miss Clara C. Moore is a teacher in Tarkio college.

### MAY COMBINE SUNDAY SCHOOL AND MORNING PREACHING SERVICE

Pastor Stephens of the First Baptist Church Discusses Plan at Meeting Last Night.

There is a possibility that the Sunday school and preaching service in the morning at the First Baptist church, may be combined into one service, according to a plan outlined by the pastor, Rev. Percy W. Stephens, at the first monthly meeting of the Sunday school teachers and officers. Usually the two services now takes two and one-half hours and by the new method it will only take one and one-half hours. Both services will be interlinked in an interesting manner.

The teachers and officers enjoyed supper served by the home department officers of the Sunday school, the parlors being decorated in the Halloween colors. Carl H. Weber, superintendent, acted as chairman of the evening. Miss Lucille Allisen read a paper on "What teen girls need in Sunday school", and Wayne Card a paper on "What teen boys need in Sunday school". Both of these papers were given at the recent meeting of the Morgan county convention held in Waverly. A discussion followed their presentation last night.

### SUDDEN DEATH TUESDAY OF A RAILROAD EMPLOYEE

A Bridge Carpenter, John Lamb, is Struck by a Falling Stick of Timber and is Killed Near Waverly.

John Lamb, member of a C., P. & St. L. bridge gang working near Waverly, suddenly met death yesterday morning while employed on a bridge.

The force with which he was associated was working on a bridge over Apple creek two miles south of the ground in some manner a heavy stick of timber twelve by twelve on the end fell and struck Lamb, a glancing blow throwing him against another heavy piece of timber fracturing his skull and dislocating his neck.

The unfortunate man was hurried as fast as possible to Waverly and would have been taken to a hospital for treatment but before he reached the place life had become extinct. Coroner George W. Wright was apprised of the accident and went to the place and held an inquest and the verdict of the jury was in accordance with the facts as stated.

The unfortunate man was called Lamb as he was raised by a family of that name though he told his fellow workmen that his right name was Paske but he knew nothing whatever of any blood relative.

Arrangements for the funeral and interment have not yet been reported.

Jacksonville lodge No. 570, A. F. and A. M. will hold a special meeting for work this afternoon at 2 o'clock. Luncheon will be served at 6 o'clock and refreshments will be served after the work. Visiting brothers welcome.

### GOLFER HAD CLUB LIKE A PERISCOPE

Chicago, Ill., Oct. 26.—I am a married man and I should have known better. I admit I'm guilty. I'm sorry now.

This was the admission made in court yesterday by William H. Ball, 40 years old, who was arrested Sunday afternoon for annoying women golfers on the Jackson Park golf links.

A policeman was summoned to the links by a woman who explained that Ball was using a golf stick made on the order of a periscope.

"He's got a club with a mirror on it," said the woman. "He placed the club between my feet and made out as if he was examining the handle." Ball was fined \$10.

### NEW TIME CARD FOR THE ALTON ROAD GOES INTO EFFECT SUNDAY

Change in Routing of Train For Kansas City Will Give New Service. From Chicago—Morning Northbound Train to go at Earlier Hour.

A new time card is to go into effect next Sunday on the Chicago & Alton. Not all the details have been made public, but it is known that there will be a number of changes. The most important one affecting Jacksonville is that No. 11, which now leaves Chicago at 11:10 p. m. and is routed via Springfield, will be sent over this branch. The start will be made one hour earlier—that is, at 10:10—and Jacksonville will be reached about 3 o'clock. Bloomington will be the only stop between Chicago and Jacksonville. This is a Kansas City mail train of only a few cars, which ran over the Jacksonville branch several years ago.

Passengers over the Alton who did not want to spend the entire night on the train have been leaving Chicago on the Hummer at 6:30 p. m. and reaching Jacksonville via Roodhouse on the Hummer at 1:55 a. m. By the new card they can remain in Chicago until 10 o'clock at night and reach Jacksonville only a little later than under the present system.

No. 70, the Denver Northbound, which now arrives in this city at 6:52 a. m. is to be routed by Springfield leaving Roodhouse at 6:10 a. m. No. 12 which now leaves Kansas City at 9 p. m. and runs by way of Springfield, is to be sent over the Jacksonville branch instead of No. 70 and will take care of local traffic for Chicago between Roodhouse and Bloomington. This train will reach here about 5 o'clock in the morning and will arrive in Chicago by 12:30 noon.

There may be some minor changes in other trains which run through Jacksonville but they will not be important. The changes in the Chicago service will afford better facilities than under the old card. D. C. Dilz, local C. & A. agent, expects a copy of the card Friday.

**THIS WEEK ONLY.**  
CAIN'S MELBA SCRATCH FEED of Ultra Quality, \$1.50 per 100 lbs. at J. H. Cain & Sons, both phones 240.

**FELL FROM LADDER.**  
John Green, who is in the employ of his uncle, George Smith, fell from a ladder Tuesday while at work painting the property at No. 866 West College avenue. Dr. Hardesty was called to attend him and the young man was removed to his home. It was found that he was badly bruised about the shoulders but no bones were broken. For an older man the fall would probably have resulted more seriously.

### ROBERT E. PELHAM CALLED BY DEATH

ANSWERS FINAL SUMMONS TUESDAY AFTERNOON.

Was With General Custer in His Battles With the Indians and Long Time Resident of Jacksonville—Death of Mrs. C. A. Wilson.

Robert Eugene Pelham died at his home 336 East North street Tuesday afternoon at 2 o'clock. Mr. Pelham had been suffering from heart trouble for the last three years and this was the cause of death. He returned from his work Tuesday morning as night watchman at the Gravel Springs Water company and retired to his room. At 2 o'clock he had not gotten up for his dinner and Mrs. Pelham going to his room found him dead.

Robert Eugene Pelham was one of Jacksonville's best known citizens. His career had been an eventful one but owing to his retiring nature it was seldom he spoke of his early life. He was the son of John and Anna Mindel Pelham and was born at Walkersgrove, Mason county, Ill., Oct. 22, 1848. He grew to manhood in that vicinity. As was the case with many of the young men of that day the life of the frontier appealed strongly to him. He enlisted in the regular army in 1871 and served on the frontier until his discharge on the 23d day of August, 1876.

During his service in the army he experienced many exciting times. He was with Gen. George Custer in his battles with the Indians and was a scout and a carrier of dispatches. He was with Custer when the battle of the Little Big Horn was fought. He was with the soldiers that came on the battlefield two days after the massacre and he often said that the dead bodies lying on the field looked like tombstones. Mr. Pelham said at one time that some people denied that the Indians stripped and mutilated the bodies of the soldiers. He said the only bodies on the field of battle not mutilated and stripped were those of Gen. Custer and a reporter for a New York newspaper. During his service in the army Mr. Pelham became acquainted with Gen. W. B. Hazen and carried dispatches for him. Gen. Hazen's widow afterward became the wife of Admiral Dewey and in company with Admiral Dewey visited Jacksonville during the State G. A. R. encampment in 1900.

After being discharged from the service Mr. Pelham returned to his home which at that time was in Salisbury, Ill. Feb. 4, 1883, he was united in marriage in this city to Miss Edna Hauger. They went to Salisbury but in August of the same year returned to Jacksonville where he has since resided. Mr. Pelham was a carpenter by trade and followed that occupation until 1892, when he had an accident while working at the Reid and Capps' brickyard on South Diamond street. He suffered an injury to his hip that compelled him to give up his trade of carpenter.

He then took up stationary engineering. He was for a number of years engineer at the Illinois School for the Deaf and later at the city pumping station. When the new high school was erected he was the first engineer employed at the building. Recently and up to the time of his death he was employed as night watchman at the Gravel Springs Water company.

Mr. Pelham was a member of Illinois lodge No. 4, I. O. O. F., and was a valued member of the order. He was upright in all of his dealings and was a citizen of whom the city could well be proud. He also was a member of the International Association of Stationary engineers.

There survive his wife and one daughter, Mrs. J. R. Moore. One brother, William P. Pelham of Olathe, Kas., and two sisters, Mrs. Eliza Mitchell of Mountain Grove and Miss Mary E. Pelham of this city also survive. The remains were taken to the undertaking parlors of W. W. Gillham. The time of the funeral will be announced later.

AT HEBRON CHURCH.

In a recent report of the homecoming held at Hebron church several omissions were made. The choir sang very acceptably two numbers which were not mentioned, "Let every Heart Rejoice" and "The Little House upon the Hill." Mrs. Marie Ward read a paper on "How a Scholar can help the Sunday School" and the story of Elijah was read by Mrs. Nellie Jumper. Both of these papers were of material interest.

It has been announced that Dr. F. A. McCarty will make an address next Sunday morning at 10:20 before Hebron Sunday school. His theme will be, "A Boy Who Made Good," and it is needless to say that the address will be well worth hearing.
